

Explain Pain & Graded Motor Imagery

Albury | 18 - 20 October 2019 | Brendon Haslam & David Butler

DAY

1

Explain Pain

Join the revolution...

2

3

Graded Motor Imagery

Brain training for pain...

Date: EP October 18-19 GMI October 20

Venue: Atura Hotel, 648 Dean St,
Albury, NSW 2640

Host: Fran Ammirato fran@noigroup.com
Telephone (08) 8211 6388

Cost per person: [INC GST, catering and workbook]

REGISTRATIONS CLOSE FRIDAY OCTOBER 4

EP & GMI: AUD \$1125

2-day EP: AUD \$850

1-day GMI: AUD \$425

Complete the form attached to this flyer and return it via email to the host. Places are strictly limited and confirmation of your place will be sent following payment. For further information contact the host.

Brendon Haslam BAppSc(Phys) MPhysio(Neuro)

Brendon has been working in combined neurological and pain rehabilitation since 1997. His particular interest is in developing treatment approaches for the neurological patient with pain and he is currently undertaking his PhD exploring contributions to, and neural processing of pain in stroke.

David Butler NOI founder and director

David has an international reputation for innovative clinical thinking, translation of basic science findings into real world applications, and being able to communicate both like no-one else. An Adjunct Associate Professor with the UniSA and an Honoured Member of the APA, David has a long-standing presence in presenting and developing pain science curricula globally.

You can help overcome the most burdensome non-fatal health condition facing our species - pain.

Pain costs our community more than heart disease, cancer and diabetes combined, but it is largely a hidden problem with very little awareness or attention. While the dollar costs are measured in the hundreds of billions, the real cost – the human cost – is immeasurable.

The essence of Explain Pain is the notion that when people understand pain they hurt less, and there is now ample, reliable and repeated evidence supporting this. Teaching people about the biology of pain has become a well accepted strategy, but in order to do it well you need broad and deep knowledge, combined with the skills to tailor and deliver effective educational interventions. NOI's Explain Pain and Graded Motor Imagery courses provide the very latest in pain science education and pain treatment.

Day 1 of the Explain Pain course provides the pain biology foundation, including:

- the vital difference between nociception and pain
- identifying patterns suggestive of different sources of nociception
- recognising peripheral nerve and neuropathic contributions to pain states
- understanding the powerful neuroimmune and neuroendocrine outputs and their links to pain
- how pain biology and a biopsychosocial approach comes together in The Protectometer

Day 2 takes you through the 'how to' of Explaining Pain with sessions and workshops on:

- understanding the evidence base for Explain Pain
- developing a curriculum tailored to a group or individual to ensure that your educational intervention is effective, measurable and repeatable
- how to carefully listen for and use metaphor and other language patterns to help you enter the patient's story, while making your education memorable.

The 1 day Graded Motor Imagery course covers:

- the science underpinning the three stages of GMI
- how to confidently use Left/Right Discrimination, Imagined Movements and Mirror Box Therapy in the clinic
- the vital clinical reasoning necessary to apply GMI to any complex pain state

Please note: One-day GMI courses require the prerequisite of having attended an Explain Pain course within two years prior. GMI is usually a two-day course, however, when taken directly following an Explain Pain course the material can be covered in the shorter time frame.

course registration form one form per registrant

Explain Pain + Graded Motor Imagery | Albury | 18 - 20 October 2019 | Brendon Haslam & David Butler

Tick your selected course option, email your completed form to the course host:

Fran Ammirato / noi@noigroup.com / F 08 8211 8909 / T 08 8211 6388

Please note the NOI office is open Tuesday to Friday.

✓ Please indicate your course selection, complete the form below and follow instructions for payment.

Selection

REGISTRATIONS CLOSE FRIDAY OCTOBER 4

- EP & GMI, 18 - 20 October - AUD \$1125
- EP 2 day, 18 - 19 October - AUD \$850
- GMI 1 day* 20 October - AUD \$425

Cost includes GST, catering and workbook.

**Please note: GMI is usually a two-day course, however, when taken directly following an Explain Pain (or having done an EP course within two years) the material can be covered in the shorter time frame. If only taking the GMI course please indicate previous NOI course/s here:*

How did you hear about this course?

- Facebook
- Twitter
- NOIjam
- Colleague
- Other

Please help us ensure we have sufficient quantities of products for purchase at the course by advising us which products you are interested in purchasing on the day.

- Explain Pain Supercharged
- Explain Pain Second Edition
- Explain Pain Handbook: Protectometer
- Painful Yarns
- GMI Handbook
- Flashcards
- Mirror Box

Terms and conditions

- Registrant cancellation:
 - > Up to 21 days prior to the course – NOI will refund the course fee less a \$50.00 admin fee.
 - > Eight to 20 days prior to the start of the course – NOI will refund 50% of your course fee.
 - > Within seven days of the start of the course – no refund, however, your registration may be transferred to a colleague, in which case they will need to submit their own registration form with contact and dietary details.
- In the event of NOI having to cancel the course due to unforeseen circumstances notification will be sent as soon as possible via your contact details provided and registrants will receive a full refund of the course fee.
- Course places are secured once payment has been successfully processed.
