

Mobilisation of the Neuroimmune System

Auckland, New Zealand

Saturday 23 - Sunday 24 March 2019

with Associate Professor Ben Boyd

Venue The Spencer on Byron Hotel
Takapuna Beach, Auckland

Cost **EARLY BIRD CUT OFF 15 OCT 2018**
early bird AUD \$775
regular price AUD \$850
Includes GST, workbook and catering

Host Fran Ammirato
fran@noigroup.com | +61 (0)8 8211 6388

To register

Complete the registration form on the back of this flyer and return it by email or fax.

This course is open to

Allied health professionals and registered medical practitioners, physiotherapists, occupational therapists, clinicians with a 'hands-on' license.

Enhancing your course outcomes

A strength of NOI courses is that participants come from many professions, so please come with an open mind. It is highly recommended that registrants read the following before the course:

- Butler DS (2000) The Sensitive Nervous System, Noigroup, Adelaide. (Chapters 2-5)
- Nee RJ, Butler DS 2006 Management of peripheral neuropathic pain. Integrating neurobiology, neurodynamics and clinical evidence. Physical Therapy in Sport: 7: 36-49
- Yirmiya R, Goshen I (2011) Immune modulation of learning, memory, neural plasticity and neurogenesis. Brain, Behav, Immun 25: 181
- Schmid AB, Nee RJ & Coppieters MW (2013) Reappraising entrapment neuropathies - Mechanisms, diagnosis and management. Musculoskeletal Science and Practice. 18(6) 449-457

Terms and conditions

- Registrant cancellation: Up to 21 days prior to the start of the course – NOI will refund the course fee less a \$50.00 administration fee. Eight to twenty days prior to the start of the course – NOI will refund 50% of your total cost. Within 7 days of the start of the course - No refund, however, your registration may be transferred to a colleague, in which case they will need to submit a registration form so we have their contact details.
- In the event of NOI having to cancel the course due to unforeseen circumstances notification will be sent as soon as possible via your contact details provided and registrants will receive a full refund of the course fee.
- Course places are only secured once payment has been successfully fully processed.
- Please note the NOI office is open Tuesday to Friday.

Mobilise - to prepare, to awaken and to move

NOI's classic, longest running course, Mobilisation of the Nervous System, has evolved. Based on the latest evidence, the course has been updated and re-written 'from the basic science up'. The research is compelling – the immune system via its interaction with the nervous system is a critical player in learning, memory, movement and sensitivity. This new understanding integrates peripheral and central processes and targets therapy towards healthy neuroimmune balance.

This comprehensive lecture and hands-on course integrates the latest research on neurodynamics and neuroimmune science to provide a clinical reasoning framework to identify those patients who will benefit from neuroimmune mobilisation. The course then updates and refines the essential practical skills to examine and manage the physical health of the nervous system – skilled, safe and appropriately timed handling techniques are covered in detail during labs and practical sessions.

Course aims

- Provide a basic knowledge of neuroanatomy, neurodynamics, neuroimmunology and neuropathobiology related to the manual examination of the nervous system.
- Teach safe and effective diagnostic skills in the examination and interpretation of physical dysfunction of the nervous system.
- Present neurodynamic movements and techniques as antigenic.
- Provide new therapeutic narrative for explaining symptoms in conditions with altered neurodynamics.
- Deliver a deeper understanding of known, 'tough' clinical presentations such as chronic nerve root

Benjamin Boyd (PT, DPTSc, OCS)

is currently an Associate Professor at Samuel Merritt University in Oakland, California, where he primarily teaches in the Musculoskeletal Patient/Client Management and Capstone course series. He has been teaching courses on peripheral nervous system anatomy, biomechanics, clinical evaluation and intervention since 2004 and he has been teaching with the NOI US faculty since 2013.

course registration form one form per registrant

MONIS | Auckland | Saturday 23 - Sunday 24 May 2019 | Ben Boyd

- Venue** The Spencer on Byron Hotel, Takapuna Beach, Auckland
Time Day One 8:30am to 5pm (registration 8:00am) / Day Two 8:30am to 5pm
Cost **EARLY BIRD CUT OFF 15 OCT 2018**
 early bird AUD \$775 | regular price AUD \$850
