Healthy notions of self through neuroscience knowledge

**TWO-DAY COURSE | DAVID BUTLER & TIM COCKS**  
CANBERRA, ACT | TUESDAY MAY 3 – WEDNESDAY MAY 4, 2016

## Mobilisation of the Neuroimmune System

### *Mobilise – to prepare, to awaken and to move*

NOI's classic, longest running course, Mobilisation of the Nervous System, has evolved. Based on the latest evidence, the course has been completely updated and re-written 'from the basic science up'. The research is compelling – the immune system via its interaction with the nervous system is a critical player in learning, memory, movement and sensitivity. This new understanding integrates peripheral and central processes and targets therapy towards healthy neuroimmune balance.

This comprehensive lecture and hands-on course integrates the latest research on neurodynamics and neuroimmune science to provide a clinical reasoning framework to identify those patients who will benefit from neuroimmune mobilisation. The course then updates and refines the essential practical skills to examine and manage the physical health of the nervous system – skilled, safe and appropriately timed handling techniques are covered in detail during labs and practical sessions.

### Course aims

- Provide a basic knowledge of neuroanatomy, neurodynamics, neuroimmunology and neuropathobiology related to the manual examination of the nervous system.
- Teach safe and effective diagnostic skills in the examination and interpretation of physical dysfunction of the nervous system.
- Present neurodynamic movements and techniques as antigenic.
- Provide new therapeutic narrative for explaining symptoms in conditions with altered neurodynamics.
- Deliver a deeper understanding of known, 'tough' clinical presentations such as chronic nerve root problems and persistent entrapment pathologies.

**This course is open to:** Registered allied health professionals and registered medical practitioners, physiotherapists, occupational therapists, clinicians with a 'hands-on' license.

### DAVID BUTLER

B.Phty, M.App Sc. EdD, NOI Director

David has an international reputation for innovative clinical thinking, translation of basic science findings into real world applications, and being able to communicate both like no-one else. An Adjunct Associate Professor with the UniSA and an Honoured Member of the APA, David has developed pain science curricula for university programmes, has taught over 5000 clinicians in 25 countries and is also a regular keynote speaker at international conferences.

### TIM COCKS

Tim joined NOI in 2014. Highly regarded as a chronic pain therapist, Tim is involved in PhD studies and is the chief contributor to *noijam.com*, the highest ranking social media site in clinical pain sciences. Tim teaches the *Graded Motor Imagery* and *Explain Pain* courses with David Butler.

### READING

These rehabilitation resources complement each other and are suitable for any therapist involved in movement rehabilitation. *The Sensitive Nervous System* provides the most in depth information of neurodynamics from peripheral and central viewpoints and *The Neurodynamics Techniques DVD and Handbook* richly illustrates this through both film and image. Produced by Noigroup Publications | [www.noigroup.com/store](http://www.noigroup.com/store)

### REGISTRATION

**Venue** Australian Institute of Sport  
Leverrier St, Bruce ACT  
(Onsite accommodation available)

**Cost** \$750.00 incl GST  
*Cost includes workbook and catering.*

**Host** Fran Ammirato  
[fran@noigroup.com](mailto:fran@noigroup.com)  
Telephone Tues-Fri: (08) 8211 6388

### To register / further information

*Places are limited*

*Confirmation advised following payment*

Options to register your interest:

- lodge a formal enquiry via [noigroup.com/courses](http://noigroup.com/courses)
- contact the course host (details above)
- submit the registration form overleaf

NOI's core philosophy is to create and provide evidence-based multimedia resources and courses for the treatment of pain. NOI reinvests directly into ongoing research in pain literacy education, graded motor imagery and neurodynamics.

## course registration form one form per registrant

[MONIS-ACT]

### Mobilisation of the Neuroimmune System

Canberra ACT | 3-4 May 2016 | David Butler and Tim Cocks

**When:** Tuesday May 3, 8:30am to 5pm (Registration 8:30 to 9am) | Wednesday May 4, 9am to 4:30pm

**Venue:** Australian Institute of Sport, Leverrier St, Bruce ACT

*Accommodation is available onsite and locally, course host will provide further details*

**Cost:** \$750.00 (GST inclusive). Cost includes catering and workbook.

**Enquiries:** Fran Ammirato – *courses@noigroup.com* or telephone (08) 8211 6388 Tuesday to Friday.

To register for this course, please complete the form and follow instructions for payment.
